

1. The present invention relates to a method of
2. determining the position of a point on a
3. curved surface, and more particularly to a
4. method of determining the position of a point
5. on a curved surface by means of a series of
6. intersecting circles.

Fig. 2

Fig. 3

This technical drawing illustrates a mechanical assembly, likely a pump or valve mechanism, with various components labeled with numbers and dimensions indicated by arrows and lines.

Key Components and Labels:

- 1:** A central shaft or rod.
- 2:** A cross-hatched component, possibly a seal or gasket.
- 3:** A component at the top right, possibly a nut or cap.
- 4:** A component on the right side, possibly a flange or plate.
- 5:** A component on the left side, possibly a flange or plate.
- 6:** A component on the left side, possibly a flange or plate.
- 7:** A component on the left side, possibly a flange or plate.
- 8:** A component on the left side, possibly a flange or plate.
- 9:** A component on the left side, possibly a flange or plate.
- 10:** A component on the right side, possibly a flange or plate.
- 11:** A component on the right side, possibly a flange or plate.
- 12:** A component on the right side, possibly a flange or plate.
- 13:** A component on the right side, possibly a flange or plate.
- 14:** A component on the right side, possibly a flange or plate.
- 15:** A component on the right side, possibly a flange or plate.
- 16:** A component on the right side, possibly a flange or plate.
- 17:** A dimension line indicating a length.
- 18:** A dimension line indicating a length.
- 19:** A dimension line indicating a length.
- 20:** A dimension line indicating a length.
- 21:** A dimension line indicating a length.
- 22:** A dimension line indicating a length.
- 23:** A dimension line indicating a length.
- 24:** A dimension line indicating a length.
- 25:** A dimension line indicating a length.
- 26:** A dimension line indicating a length.
- 27:** A dimension line indicating a length.
- 28:** A dimension line indicating a length.
- 29:** A dimension line indicating a length.
- 30:** A dimension line indicating a length.
- 31:** A dimension line indicating a length.
- 32:** A dimension line indicating a length.

The drawing shows a complex arrangement of these components, with various lines and arrows indicating their relative positions and dimensions. The overall structure appears to be a mechanical assembly with multiple stages or sections.
